*JANUARY 2020 | NINE MONTHS | UNAUDITED RESULTS*

## Interim Report to Our Shareholders

The Directors of Jamaica Broilers Group Limited now release the unaudited financial results for the quarter ended January 25, 2020, which have been prepared in accordance with International Financial Reporting Standards (IFRS).

Group revenues for the nine months amounted to \$40.6 billion, a 1% increase over the \$40.3 billion achieved in the corresponding nine months of the previous year. Our gross profit for the nine months was \$9.9 billion, a 1% increase over the previous year.

Jamaica Operations reported operating profit of \$2.4 billion, which was \$96 million or 4% below last year's operating profit of \$2.5 billion.

Total revenue for our US Operations increased by 11% over the prior year, driven by our recent acquisitions of a feed mill in Georgia and a processing plant in South Carolina, which have now been rebranded Best Dressed Chicken. Our US Operations reported operating profit of \$1.0 billion, which was a 9% decrease from the prior year's result of \$1.1 billion. This decrease from the prior year's result is primarily due to increased acquisition costs associated with the processing plant and the previous year's results included a one off gain on the acquisition of a business for \$124 million.

Haitian Operations reported an operating loss of \$92 million compared to a prior year operating profit of \$146 million. Total revenue declined by 22% and the current decline in performance is as a direct result of the political and economic instability being experienced in Haiti.

Distribution and administrative costs were flat when compared to the previous year.

Despite the adverse variances experienced on foreign exchange movements of \$226 million and Haiti Broilers, the Group's operations produced a noteworthy operating profit of \$2.2 billion.

Finance income for the Group, showed a reduction of \$291 million compared to last year resulting from reduced foreign exchange gains and reduction in interest income from the WIP loan, which was sold during the first quarter of this financial year.

We recorded profits attributable to stockholders of \$1.2 billion or \$1.16 per stock unit for the nine months.

The Staff, Management and the Board of Directors of Jamaica Broilers Group Limited continue to trust in the Lord's guidance for our company and are grateful for His Blessings and Provision.

Notes to the Interim Financial Statements  
25 January 2020

---

## Accounting Periods

The company's financial year consists of 12 accounting periods ending on the Saturday closest to the calendar month end. The accounting year ends on the Saturday closest to April 30.

## Basis of preparation

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) under the historical cost convention, as modified by the revaluation of biological assets and certain financial assets.

These financial statements are presented in Jamaican dollars unless otherwise indicated.

The accounting policies followed in these interim financial statements are consistent with those used in the audited financial statements for the year ended 27 April 2019.

The required adjustments for the newly effective IFRS 16, 'Leases' has not yet been implemented. The adjustments will be included in the year-end results to be published.

## Segmental Financial Information

Management has determined the operating segments based on the reports reviewed by the President and Chief Executive Officer that are used to make strategic decisions.

Segment information is provided for reportable segments as follows:

- Jamaica Operations
- US Operations
- Haiti Operations
- Other Caribbean Operations

The business is considered primarily from a geographical perspective.

Finance income and Finance costs are not included in the measure of segment results and are not regularly reviewed by the President and Chief Executive Officer.
